

# INNOTEST

## Module design cable tester

The INNOTEST is the innovation test equipment on today's market. It is the first module design economic tester. The module of INNOTEST can be removed and replace with the connector type that you need. You can also purchase module separately without the main unit for cost saving.

INNOTEST not only test each pins connection to identify open wires, shorted wires, cross wires, and mis-wires. It also shows pin-to-pin connectivity of your cable.

### Features

- Removable module design, easy for connector repair and update in the future
- Auto pins detect and connector identify
- Identify open wires, shorted wires, cross wires, and mis-wires connectivity
- Support 32 types of connectors
- Alphanumeric LCD display

### Specification

- Connectors: USB 2.0A, USB 2.0B, USB 2.0 Micro-AB, USB 2.0 Mini-AB, USB 3.0A, USB 3.0B, USB 3.0 Power B, USB 3.0 Micro-AB, RJ-45, RJ-11, F, BNC, SATA, eSATA, e-SATAp (Power eSATA), HDMI, Mini HDMI, Micro HDMI, HDB15/F, HDB15/M, DisplayPort, Mini DisplayPort, Stereo, RCA, 1394a (6 pin), 1394a (4 pin)
- Control switch: NEXT, ENTER, EXIT
- Display: LCD size, 4 rows-16 characters
- Power source: AAA battery x 3(1.5V)
- Power Consumption: Operating current is 3.5mA when buzzer is off and 15mA when buzzer is on.

#### Order information

**258012** INNOTEST module design cable tester main unit

**258012IM-001** INNOTEST module design cable tester with USB kit module

**258012IM-002** INNOTEST module design cable tester with network kit module

**258012IM-003** INNOTEST module design cable tester with SATA kit module

**258012IM-004** INNOTEST module design cable tester with HDMI kit module

**258012IM-005** INNOTEST module design cable tester with display kit module

**258012IM-006** INNOTEST module design cable tester with audio kit module

**258012IM-007** INNOTEST module design cable tester with FireWire kit module

**IM-001** USB kit with USB 2.0A, USB 2.0B, USB 2.0 Micro-AB, USB 2.0

Mini-AB, USB 3.0A, USB 3.0B, USB 3.0 Power B, USB 3.0 Micro-AB module

**IM-002** Network kit with RJ-45, RJ-11, F, BNC module

**IM-003** SATA kit with SATA, eSATA, e-SATAp (Power eSATA) module

**IM-004** HDMI kit with HDMI, Mini HDMI, Micro HDMI module

**IM-005** Display kit with HDB15/F, HDB15/M, DisplayPort, Mini DisplayPort module

**IM-006** Audio kit with Stereo, RCA module

**IM-007** FireWire (1394) kit with 1394a(6 pin), 1394a(4 pin) module

**IM-U2A** USB 2.0A

**IM-U2B** USB 2.0B

**IM-U2MIAB** USB 2.0 Mini-AB

**IM-U2MRAB** USB 2.0 Micro-AB

**IM-U3A** USB 3.0A

**IM-U3B** USB 3.0B

**IM-U3PWB** USB 3.0 Power B

**IM-U3MRAB** USB 3.0 Micro-AB

**IM-RJ45** RJ-45

**IM-RJ11** RJ-11

**IM-FCN** F

**IM-BNC** BNC

**IM-STA** SATA

**IM-ESTA** eSATA

**IM-ESTAP** e-SATAp

**IM-HDMI** HDMI

**IM-MIHDMI** Mini HDMI

**IM-MRHDMI** Micro HDMI

**IM-HDB15F** HDB15/F

**IM-HDB15M** HDB15/M

**IM-DIS** DisplayPort

**IM-MIDIS** Mini DisplayPort

**IM-STR** Stereo

**IM-RCA** RCA

**IM-1394A6** 1394a (6 pin)

**IM-1394A4** 1394a (4 pin)
